NOTICE OF THEFT - FIRE DEPARTMENT CONNECTION BRASS FITTINGS

We have recently observed multiple locations where the FDCs (Fire Department Connections) had been stolen. These brass fittings are used by the fire department to charge the sprinkler system in the event of a fire. Without these adaptors, the buildings and their occupants are at extreme risk.

Should you require further information, please call 408-310-4654. You may leave a voice mail message at anytime, and your call will be returned as soon as possible. To report a theft, please call your local police department.

Sincerely,

Dwight Good Fire Marshal
